Dear Parents, Guardians, and Students:

I would like to take this opportunity to welcome you to World History. I am looking forward to working with you to make this a successful academic year in Social Studies. I believe in an educational philosophy in which getting to know my students and working closely with their parents are essential aspects to a successful educational experience. Please feel free to contact me at gigliottip@parmacityschools.org.

Please read over the course syllabus and peruse the class web site at: <http://www.mrgigliotti.com>. This web site has been established to act as a 21st century classroom filled with the resources and the tools needed for high achievement this year in World History. Please take a few minutes of your time to complete the “Welcome to World History Survey Assignment.” A link to this assignment can be found on www.mrgigliotti.com

In order to help make you a successful student this year in World History, it is important for me to become familiar with your educational needs and background. It is especially important for me to understand both their strengths and weaknesses when planning lessons and activities.
